

Change Management Basics

POL-CHG-001 | Version 1.5

Sample training content for learning MkDocs: [convert this PDF into Markdown under docs/](#).

Goal

Changes to production IT services are planned, reviewed, and communicated to reduce unplanned downtime.

Change types

Type	Approval	Lead time
Standard	Pre-approved	As scheduled
Normal	CAB / manager	3 business days
Emergency	Duty manager	As needed

Service desk role

- Communicate maintenance windows to users
- Monitor incidents during change implementation
- Link related incidents to the change record
